

BELPER WORKHOUSE

ADMISSION

AND

DISCHARGE

REGISTERS

September 1840 - January 1843

This register was transcribed from the original in the possession of the Derbyshire County Record Office. Each entry has status, date of birth, parish and occupation where relevant. This is followed by dates of admission and discharge. Note: In the cases of wives and children admitted with parents their date of discharge is not given and it is assumed they were discharged with the husband and/or parents. Therefore, having found the whole family, the date of discharge is usually that of the husband.

The comments following the reason for admission/discharge have been copied from notes at the side of the original entry.
